Circuit Court Will Have No Investigation Body at Appoaching Term.

There will be no grand jury at the term of the circuit court for Escambia county which is to convene in Pensacola on Monday, Dec. 7. This has been decided upon by State Attorney Kehoe and Judge Wolfe, and is due to the fact that there are no persons under arrest who could be indicted upon a murder charge, although a number of killings have occurred during the

past six months. There is one defendant held in the county jail on the charge of murder, but the state attorney is investigating the case. He has examined some of the witnesses and will conduct a further examination when court convenes with the probability that it will be As a result of this condition of affairs it did not become necessary to draw a grand jury, as only capital offenses are now investigated by these bodies, lesser crimes being left to investigation upon the part of the county solicitor.

More Are Arriving Daily For the Races at the Florida State Fair.

Tampa, Fla., Nov. 27.-With more than fifty horses of the middle class quartered at the Tampa Bay track and more arriving daily from various at state fairs, preparations are going on rapidly for the racing meets at Havana, and later at the Tampa Bar track in the spacious grounds of the Tampa Bay hotel and the state fair grounds

In order to stand the climate at Havana the runners are being taken through a course of training here, the difference in actual temperature being but slight between the two points. When the ponies leave Tampa they will have been fortified against the unusual heat of Havana, and better racing will be the result.

Sportsmen are looking to the Tampa Bay track this winter as almost a ife-saver. With the advantages of the surroundings and the comparative freedom from the irksome regulations which have been imposed at several other tracks, owners are sending in their strings early that they may be in ime to secure accommodations for their horses and for themselves. The racing meet and the Florida State Fair begin simultaneously February 3.
